Tuesday march 23rd 2010

To National Federations
and Finswimming Commissions

Dear friend,

You will herewith find the invitation for the round of world cup in Yantai in China.

I write this letter to you to remember the importance of the world cup in finswimming for the development of the discipline around the world. In 2009, the international commission of finswimming had accepted a round in Colombia. In 2010, the Chinese federation presented its candidature for the organization of a round. It is with pleasure that the international commission answered positively. After South America, it was normal that a round can proceed in Asia.

Thus, I insist so that the maximum of clubs answer positively at this invitation so that this first competition will be a great success.

It's expected that I'll be present at this competition. I'll be at your disposal. Thus, we will be able to meet and exchange our points of view for the development and the future of our sport.

Moreover, I will be able to organize also a jury course of international judges during this competition.

I wish to meet you in Yantai from June 25th to 28th 2010 for the 5th round of the world cup 2010.

Best regards.

President International Finswimming Commission
